

Welcome to Join AUTEL in 2015 CES Show in US

6- 9 Jan 2015, Las Vegas, US

AUTEL Intelligent Technology Corp., Ltd. will participate in the CES Show in Las Vegas, America (2015) from 6th-9th, Jan. At this exhibition, AUTEL will present its newly developed Unmanned Aerial Vehicle, X-Stars.

The X-Stars drones are the first generation of our smart Unmanned Aerial Vehicle system. It is built for optimal aerial creativities and carefree flight maneuvers. Featuring leading-edge technology and intuitive design, the X-Star drones are extremely reliable and easy to fly for both manual and autonomous flight maneuvers. In addition, the integrated 3-axis stabilized camera gimbal offers ideal solutions for smooth aerial photographing and stable video recording.

We look forward to sharing our vision with you as you visit us at booth No.25220. AUTEL will show you the latest innovations and products. Also, AUTEL's technical experts and senior executives will be available to personally answer all your questions. We believe your participation will greatly enhance our mutual understanding and collaboration.

Thank you for your ongoing support. We sincerely hope to see you at the event!

About Consumer Electronics Show in Las Vegas (CES, 2015)

CES, one of the largest trade shows for consumer electronics in the world, provides manufacturers and distributors direct access to American consumer electronics markets in a warm and personal setting that forges long lasting commercial and personal relationships. Held in Las Vegas every year, it has served as the proving ground for innovators and breakthrough technologies for more than 40 years—the global stage where next-generation innovations are introduced to the marketplace.
